

Supporting your Learning in Geography

Exam Dates:

Your GCSE Geography Exams will be:

Paper 1: Physical Geography: Living in the Physical Environment – **Wednesday 18th May**

Paper 2: Human Geography: Challenges in the Human Environment – **Wednesday 26th May**

Paper 3: Geographical Applications: Fieldwork and Pre-release- **Tuesday, 10th June**

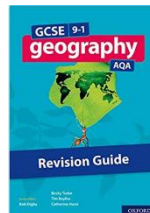

You need to be able to:

- Know about different places and how humans interact with them, making them better or causing problems.
- Understand different environments & processes; interrelationships between places/environments/processes.
- To interpret, analyse and evaluate geographical information and issues to make judgements.

Revision Guides

We recommend the following revision guide:

This book is available on Bromcom for £9

Websites

Physics and Maths Tutor AQA Geography: [AQA GCSE Geography Revision](#) For essential and detailed notes and flashcards alongside copies of past papers and mark schemes

Top Tips

- Use the **Figures** provided in the exam to answer the questions but do not just rewrite – you need to **interpret them** – in *figure 1 this shows ... this links to ...*
- Be critical – so much in geography is **evaluation**!
- Use a sharp pencil for all **graph questions**, and make sure you do not miss them
- Recap your **case studies** – you have several for each topic so make sure you know the key facts/which to use for each section eg cause, effect, responses
- Recap **both** fieldworks: location, risks, methodology, data Presentation & analysis and conclusions/evaluation
- Read the **pre-release document** so you feel entirely confident with it and annotate it

Support in School

- Complete the 'Question a Day' Sheets from January and practice how you would answer these
- Use the revision materials information on Geography Page SharePoint:
- Look up your past papers – have a go at answering some and bring them to your teachers
- Attend the revision sessions tailored to your needs

My Geography Revision Plan:

Date:	Focus:	Outcome:
8 th May	External Exams begin
